Salmon Spawning Survey Volunteer Project

Tentative date- Friday November 22nd 9:00 - noon

UA Theaters parking lot off Eureka Rd, Roseville

RSVP at dcc@surewest.net and to confirm the survey day.

Citizen monitors have recorded the return of these beautiful fish for fifteen years. The one day survey will be on a Friday to be chosen after seasonal rains provide enough flow for fish passage. We will also be organizing surveys of specific reaches on other days. Contact Gregg at dcc@surewest.net for details. This work requires volunteers with experience walking in creeks with waders.

Volunteer Red Sesbania Removal – there will be additional opportunities for small groups of adults to work on Sesbania removal throughout the Dry Creek Watershed. Please Contact Matt Dunnahoe at Placer County RCD, matt@placercountyrcd.org, (530) 885-3046 x116 for details.

Thank you to our sponsors!
